Dental Institute Facility and Services

1. Building and Access

The Dental Institute Clinic will be open from 7:00 a.m. to 6:00 p.m. during the WREB Exam, unless otherwise requested by the examiners.

2. Parking

Parking is conveniently located across from the Dental Institute. Parking is free; no passes are required.

3. Registration and Identification Badges

Numbered badges will be issued to candidates after Candidate Orientation and will serve as an I.D. throughout the examination. The badge must be worn at all times while in the building.

4. ATM Machines

ATM machines are located in the cafeteria (Barrel II) Monday- Friday

5. Food Service

The cafeteria is located in Barrel II; Monday- Friday however, candidates may bring food to the main waiting area (main floor) in the Dental Institute. Vending machines are located in the Student Lounge in the Dental Clinic.

Patient Screening and Radiographs

The Dental Institute cannot provide patients for candidates. Candidates should not ask the school for patients or patient records.

WREB Radiology Information

Radiographs during the WREB Endodontic Examination will be entirely digital. X-ray heads and self-developing film will be available in the Endodontic Exam area located in Glendale Hall if needed. Radiographs for the Operative and Periodontal patient portion of the WREB Examination can be digital/conventional films. If you are taking digital images, you will need to print out the images to WREB specifications at that facility. Midwestern will be allowing outside candidates to participate in provisional acceptance.

It is strongly recommended that your patient radiographs be taken prior to arriving at the Midwestern University's College of Dental Medicine.

Digital imaging will be used for the screening of patients. Images will be printed out to WREB specifications for submission to examiners. The Radiology Staff at the Midwestern University will assist candidates in the imaging process. Please let the Radiology Staff know ahead of time if you will need their assistance. Candidates wishing to screen prospective WREB patients must contact Dr. Vijay Parashar at 623-806-7092. Screening can only be performed through the radiology department by appointment. Radiology is located on the 1st floor of the dental school.

Candidates **will be permitted** to take radiographs **during the examination** should that be necessary but only after a candidate has had a patient rejected or at the request or direction of WREB because of non-diagnostic radiographs.

Charges will be as follows: Full mouth series, \$98.00; Bitewings - 2 films, \$27.00; Bitewings - 4 films, \$43.00; Periapicals-1st, \$15.00, each additional \$10.00. All radiographic fees must be paid in cash prior to taking radiographs at the Dental Institute Administration Office. No fees will be assessed for any radiographs required by the examiners during the examination.

Preparing for the Examination

1. Operatories

Each candidate will be assigned a numbered cubicle in the clinic by WREB which will correspond to the applicant's numbered I.D. badge issued at orientation. Each operatory is equipped with one (1) dental chair (Midmark), one (1) delivery unit with an air/water syringe, one (1) operator's stool, and one (1) assistant's stool. Any equipment malfunctions should be reported to the Office of Clinical Operations on (second level administrative offices) at 623-806-7051.

Candidates will be allowed to move into assigned cubicles at a time to be determined by WREB. Drawers and cabinets in each cubicle are not available for storage. However, the clinic is secured before and after examination hours.

2. Equipment, Instruments, and Materials

Items supplied by the school are listed in the supplements at the end of this handbook.

Any equipment or supplies on loan to candidates must be returned prior to check-out.

ModuPRO™ for Endodontic Exam

The 2020 WREB Endodontic Examination will use the ModuPRO Endo model: MPE120 MQR. This one model, which contains everything needed to successfully perform the endo portion of the WREB, will correctly attach to virtually all simulation systems. Adapters and plates are not necessary with the ModuPRO Endo kit. If mounting to a Frasco simulation system, which is the system used at the Dental Institute, simply remove the four screws attaching the articulator to the upper and lower Carrier Trays. This system uses a manikin on a post with shroud. Sources for these required materials are through Acadental directly at acadental/WREB.com. Midwestern does not have a school store.

The Endodontic and Prosthodontic portions of the exam is located across the campus at Glendale Hall on the second floor in the Simulation clinic room 206.

1. Sterilization

Instruments and handpieces properly cleaned, dried, wrapped and marked with appropriate Candidate I.D. # will be accepted for steam sterilization at the 2nd Floor Clinical Dispensary. It is recommended that instruments be turned in prior to 10:00 a.m. on the day of check-in and picked up by 12:00 noon the same day.

Sterilization services are available between 8:00 a.m. and 12:00 noon and from 1 p.m. to 4:00 p.m. starting on March 4th. Instruments received after 3:30 p.m. will not be ready until 7:30 a.m. the following day.

During the Board Examination

1. Infection Control – PPE will be provided in all area

A. Surface Asepsis

->Handles of the unit light, light cure units, x-ray heads and air-water syringes may be covered with either clear plastic wrap or aluminum foil.

->The patient chair, dental unit, and counter tops may be disinfected by using disinfectant wipes.

->Plastic head rest covers and plastic wrap are provided. Disinfectant wipes and barrier bags are available on each floor.

->Disposable nitrile gloves are available for candidates.

->Candidates must furnish their own utility gloves to be worn during scrub and handling of dirty instruments.

B. Personnel Protective Equipment

->Appropriate protective clothing, including disposable gowns, is available (one/day) and must be worn in occupational exposure situations.

->Disposable gloves, masks and gowns are located at each clinical dispensary.

->Candidates are to provide their own OSHA-acceptable protective glasses. The school will provide protective glasses for patients on a "loan" basis.

->Soap and hand disinfectant are available in each operatory.

C. Hazardous Waste

->Any blood/saliva-soaked waste (2X2's) must be disposed of in biohazard bag and placed in the dirty cart located on the third floor by the dispensary. Gowns and bibs are not considered hazardous.

D. Sharps Disposal

->All needles, anesthetic cartridges, and any potential sharps are to be placed in the red plastic sharps containers located on the back counter of the operatory.

2. Medical Emergencies

In order to alert emergency personnel to a medical emergency and not unduly alarm the patients, the following protocol must be followed upon discovering a serious medical emergency:

Remain with the patient at all times. Check the airway and assist respiration if indicated. Obtain vital signs. Place the patient in a supine position, if unconscious.

A. The candidate or assistant should summon the nearest Floor Examiner. The Floor Examiner will make a judgment as to whether a "coded" emergency exists. Initiate emergency treatment (CPR) when necessary.

B. The Assistant will be sent to obtain the emergency crash cart.

C. At the direction of the Floor Examiner, the Assistant will use the Red Emergency phone to alert campus security and activate a call to 911. The Office of Clinical Education should be notified by calling extension 7055 or 7011.

D. The examiner will have access to the school's automatic external defibrillator (AED) and provide appropriate action according to the American Heart Association (AHA) standards until emergency responders arrive.

Location of Emergency Carts/Portable Oxygen Tanks

Emergency Carts and Portable Oxygen Tanks are located near the dispensary on the third floor. Emergency manuals are located on the crash carts. Each cart has an AED unit in the bottom drawer of the crash cart.
