2. Preparing for the Hygiene Exam

- **Patient Screening:** Candidates must provide their own patient. Clark College will not furnish any patients or make any records available for patient screening prior to the exam. Clark College cannot not provide clinical space for patient screening.
- **Radiographs:** Clark College is a fully digital radiology clinic; therefore, we are unable to provide access to our database platform for candidates. Candidates are required to have radiographs for their board patient and all back up board patients prior to the exam. Radiology facilities will not be available to any candidate.
- **Administration of Local Anesthetic:** Practitioner(s) from the school are **NOT AVAILABLE** to administer local anesthesia to Candidate Patients. There are no exceptions to this policy. Candidates, if needed, are expected to provide their own practitioner to administration local anesthetic.

- **Equipment, Instruments and Expendable Dental Materials:** Refer to the respective WREB Candidate Guide for a list of materials and armamentarium that the Candidate must provide.
 - A. Handpiece and Propphy Angle Hookups:** The clinic is equipped with A-Dec chairs, there are two handpiece hoses available on each unit: a six (6) pin A-Dec high speed handpiece hose with water and a four (4) pin A-Dec slow speed hose without water. The handpiece(s) must be air driven and not electric. Candidates are responsible to supply their own handpiece, motor and attachment. If a candidate needs a handpiece, latch or propphy angle attachment they will be available for rent with **prior arrangements**. Rental charge for each handpiece is \$25.00 payable by cash or cashier's check, no personal checks or debit/credit cards can be accepted. A deposit check of \$500.00 must be left with the school coordinator, the deposit will be returned when the handpiece is returned. Rental charge for the latch and/or propphy angle will be \$20.00 payable by cash or cashier's check, no personal checks or debit/credit cards can be accepted, with a \$100.00 deposit check to be returned to you when rental item is returned.
 - B. Sonic/Ultrasonic Devices:** Candidates must supply their own ultrasonic unit. Air and water quick disconnect ports are available at each chair. Clark College **does not** rent or loan Sonic/Ultrasonic Devices.
 - C. Air/Water Syringe Tips:** The use of disposable air/water syringe tips is prohibited at Clark College. Each unit will be supplied with one metal air/water syringe tip for clinical exam. The metal tip is the property of Clark College and will be bagged for sterilization at the end of the exam.
 - D. Blood Pressure Cuffs and Stethoscopes:** Candidates are responsible to supply their own blood pressure cuff.
 - E. Expendable Materials:** Expendable dental materials supplied by the school are noted in ***Appendix A***. Items not listed are responsibility of Candidate.
- **Sterilization Services:** The sterilization of instruments, for retake purposes only, will be done by the school coordinator or clinic assistant. Instruments will be processed and ready for the candidate prior to their retake exam. Instruments will on the results table when sterilization in complete. Candidate will prepare instruments for sterilization by: bagging instruments in provided sterilization bags with candidate number only written on the bag. If instruments need to be run through the ultrasonic unit please do not bag, however provide bags with candidate number.

3. Preparing for the **Local Anesthesia Exam**

- **Equipment, Instruments and Expendable Dental Materials:** Refer to the respective WREB Candidate Guide for a list of materials and armamentarium that the Candidate must provide.
 - A. Air/Water Syringe Tips:** The use of disposable air/water syringe tips is prohibited at Clark College. Each unit will be supplied with one metal air/water syringe tip for clinical exam. The metal tip is the property of Clark College and

will be bagged for sterilization at the end of the exam.

B. Expendable Materials: Expendable dental materials supplied by the school are noted in **Appendix B**. Items not listed are responsibility of Candidate.

- **Sterilization Services:** The sterilization of instruments, for retake purposes only, will be done by the school coordinator or clinic assistant. Instruments will be processed and ready for the candidate prior to their retake exam. Candidate will prepare instruments for sterilization by: bagging instruments in provided sterilization bags with candidate number only written on the bag.

4. Preparing for the Restorative Exam

- **Equipment, Instruments and Expendable Dental Materials:** Refer to the respective WREB Candidate Guide for a list of materials and armamentarium that the Candidate must provide.

A. Handpiece and Propy Angle Hookups: The clinic is equipped with A-Dec chairs, there are two handpiece hoses available on each unit: a six (6) pin A-Dec high speed handpiece hose and a four (4) pin A-Dec slow speed hose. The handpiece(s) must be air driven and not electric. Candidates are responsible to supply their own handpiece, motor and attachment. If a candidate needs a handpiece, latch or propy angle attachment they will be available for rent with prior arrangements. Rental charge for each handpiece is \$25.00 payable by cash or cashier's check, no personal checks or debit/credit cards can be accepted. A deposit check of \$500.00 must be left with the school coordinator, the deposit will be returned when the handpiece is returned. Rental charge for the latch and/or propy angle will be \$20.00 payable by cash or cashier's check, no personal checks or debit/credit cards can be accepted, with a \$100.00 deposit check to be returned to you when rental item is returned.

B. Air/Water Syringe Tips: The use of disposable air/water syringe tips is prohibited at Clark College. Each unit will be supplied with one metal air/water syringe tip for clinical exam. The metal tip is the property of Clark College and will be bagged for sterilization at the end of the exam.

C. Curing Lights: Curing lights and shields will be provided at each unit.

D. Expendable Materials: Expendable dental materials supplied by the school are noted in **Appendix C**. Items not listed are responsibility of Candidate.

5. During the Clinical Exam

- **Dental Operatory Units:** The clinic is equipped with A-Dec chairs and delivery systems, with a variety of ergonomic and traditional operator stools.
- **Infection Control (Surface Asepsis):** Barriers will be placed on the dental chair, light handles, bracket tray handle, A/W syringe, saliva ejector, and on the handles of the operator stool. At the end of your exam all barriers will be removed and discarded, candidates will use ProSpray wipes to clean all

surfaces of the dental chair, dental light, operator stool and unit counter tops. Each candidate will re-barrier the chair for the next candidate.

A. Hazardous Waste Disposal (exam-type specific):

- **Hygiene:** Any blood saturated items will be disposed in a chairside biohazard bag, these bags will be sealed and put into the biohazard box located across from the sterilization room.
- **Local Anesthesia:** Any blood saturated items will be disposed in a chairside biohazard bag, these bags will be sealed and put into the biohazard box located across from the sterilization room.
- **Restorative:** Amalgam scraps from the catch bag and amalgam well will be dumped out in to the Amalgam scrap jar(s) next to the amalgamator.

B. Sharps Disposal: Anesthetic needles and carpules will be disposed of in the chairside sharps container provided.

- **Emergency Medical Equipment:** All medical emergency equipment is located in the northwest corner of the clinic across from the sterilization room and marked with a ceiling sign.
- There are two (2) portable oxygen tanks available, each equipped with an oxygen mask.
- Emergency medical supplies and medications are located in the mobile emergency cart
- AED is located in the mobile emergency cart.
- In case of emergency:
 - Notify WREB Site Coordinator that you need assistance
 - Call EMS by dialing 911 directly
 - Have emergency cart brought to your unit by a WREB Site Coordinator or School representative
