COLLEGE OF SOUTHERN NEVADA
SCHOOL SITE INFORMATION

Introduction
We at the College of Southern Nevada wish to make your experience here as pleasant and convenient as possible. The information below should answer any questions you may have regarding the upcoming examination.

The College of Southern Nevada Dental Hygiene Clinic located at 6375 W. Charleston Building A, Las Vegas, Nevada 89146 is making its facilities available to the Western Regional Examining Board (WREB) only as a testing site for the examination for dental hygiene licensure. Questions related to the information in this document or to the facilities and policies of the College of Southern Nevada may be directed to the School Site Coordinator Carole Brew (702) 651-5851.

Parking
Please park in the lot on the Northwest corner of the campus adjacent to the entrance of Building A labeled “Dental Hygiene Clinics.” There is no charge or permits required for parking. Candidates and patients must enter through the main entrance. Candidates will not be allowed to enter through any other door during the examination days. Please refer to the CSN map on page 8.

Security
Each parking lot is equipped with a designated emergency phone kiosk. Security can also be accessed by calling (702) 651-5317. Security is available 24 hours.

Please do not call for interpretation of the Candidate Guide provided by the WREB. Questions regarding the examination process (e.g., content, patient requirements, paperwork or forms, etc.) should be directed to the WREB office at (602) 944-3315.

PLEASE NOTE: Neither the College of Southern Nevada nor its faculty or staff will assume any responsibility for follow-up patient care following the examination.

The school will not provide patients or make any of its clinical records available for screening or use during the examination. Further, the school has no external sources from which potential patients can be drawn. No solicitation for patients is permitted in the College of Southern Nevada Dental Hygiene Clinic building or in the immediate campus area. The College of Southern Nevada Does Not Assume Responsibility For Supplying Patients For The Licensure Examination.
Patient Screening
Clinical and radiographic facilities at the school will be available Thursday, June 2, 2016 from 1:00pm – 3:00pm on a space available basis. Candidates will need to provide their own sterile screening instruments. Appointments must be arranged through the Clinic Manager, Conrad Basilio at 702-651-5987 or Conrad.basilio@csn.edu or Carole Brew at 702-651-5851 or carole.brew@csn.edu. No treatment other than screening (clinical and radiological examination) will be permitted.

Candidates who wish to use the school’s facilities prior to the examination must provide evidence of professional liability insurance. This insurance must specifically provide coverage during the board preparation period to schedule patient contact in the school. Proof of insurance coverage and a picture ID must be presented at check-in.

Radiographs
It is strongly recommended that candidates expose radiographs for the examination prior to arriving at the CSN Dental Hygiene Clinic. Radiographic facilities will be available during the examination for both conventional and digital imaging. There are 4 radiographic machines as well as a Digital Panoramic machine in the Radiographic bay.

- Radiographic supplies may be purchased or rented at the following rates:
- Conventional film: $2 per film.
- Photographic paper for printing digital images: $25
- Rental of RINN film holding devices: $5
- Radiographic mounts: $2

The fee must be paid in cash to the School Site Coordinator Carole Brew, located in room 110C.

Supplies
The following supplies may be acquired by candidates on the East Wall buffet. If you have specific questions about brand or type contact Conrad Basilio Clinic Manager at conrad.basilio@csn.edu.

Additional filled water bottles will be available to candidates on the south wall counter.
Clinic Equipment
Each operatory area is supplied with sink, paper towels, soap, garbage container, facial tissue, clinician chair, patient chair and 2 radiographic view boxes. Dental units are equipped with Adec chairs and lights. Each dental unit has one hose for a slow speed handpiece. Connections are a standard 2-hole 4 pin connection. All units have two 3-way air-water syringes. The syringe tips are provided. All units have an air and water source for ultrasonic scalers. The ultrasonic water source accepts a ¼” male quick disconnect and the air line source accepts a 3/8” male quick disconnect. The school does not have any adapters available to alter this configuration. Candidates should bring their own adapter or an ultrasonic that fits the unit. Any questions concerning clinic equipment should be directed to Conrad Basilio at conrad.basilio@csn.edu.
THE COLLEGE DOES NOT RENT EQUIPMENT.

Clinical Equipment Malfunctions
Report any CSN equipment malfunctions to the School Site Coordinator Carole Brew (702) 651-5851. A dental equipment repair technician or staff will provide assistance as soon as possible.

Sterilization
If you would like your instruments sterilized upon completion of your exam, place your bagged instruments, with your candidate number on the bag in the sterilization cart marked contaminated. Note, we will not ultrasonic or remove your items from their labeled bags prior to sterilization. Please allow 24 hours for sterilization.

Infection Control
The school infection control policy requires all candidates to wear a clinic jacket that covers the wrists and collar bones. No open toed clinic shoes may be worn in the clinic. Students must bring their own protective eyewear. Masks and non-latex gloves are available to candidates.

Disinfecting wipes are provided at each operatory. Candidates must surface disinfect countertops and operatory chairs prior to and after use. A wall-mounted sharps container is accessible between operatories. All biohazardous waste must be placed in the provided biohazard bags. After examination, biohazard bags must be placed in the large Red biohazard container located in the instrument preparation area. All instruments must be transported by candidates to the instrument processing center in an enclosed instrument case. Candidates are responsible for providing their own enclosed instrument case. A processing assistant will be onsite to accept and prepare candidate instruments. Instruments will be processed and sterilized according to OSHA and CDC Guidelines. CSN is not responsible for any damage to instruments or equipment during the examination period. Hygiene exam candidates must set up for the next candidate at the end of their exam period. All patients must pre-rinse with a provided antimicrobial solution.
Broken Instrument Protocol
A Schwartz magnetic instrument tip retriever will be located on the East wall buffet in a labeled area. After use, the retriever must be transported to the instrument processing center in an enclosed instrument case.

Emergency Equipment & Protocol
An emergency cart with oxygen tank is located on the south wall. In the event of an imminent danger emergency involving a weapon, a panic button is located above the emergency cart.
In the advent of an emergency the candidate should yell “SNOWBALL” and flip the emergency call button located on the wall of the operatory in the up position. The candidate should stay with the patient and initiate basic life support, if needed, place blood pressure cuff if basic life support is not needed. At the same time floor monitors would be responding with a call to 911 and CSN security if needed.
For all other emergencies please contact the Exam Floor monitor and/or Clinic Manager.

Local Anesthesia
Candidates who are unable to administer local anesthesia themselves should contact the Southern Nevada Dental Hygiene Association (SNDHA) for an available list of licensed Nevada practitioners who will be available during the exam to administer local anesthesia. The fee for administering local anesthesia is $150 cash paid to the licensed Nevada practitioner. Arrangements for local anesthesia need to be made ahead of time as there will be no one on staff to perform local anesthesia, in the event that the candidate fails the local anesthesia board. For a list of available licensed Nevada practitioners you can email Missy Abel at missy.abel@csn.edu or Carole Brew at carole.brew@csn.edu.

Tour
The Anesthesia Exam tour of the clinic is on Thursday, June 2nd at 7:25am. Candidates will meet the school representative in the lobby of the Building A. The Hygiene Exam tour will be conducted on Thursday and Friday June 2nd and 3rd at 3:30-5:00pm. The school representative will meet the candidates in the lobby of the Building A.
